

Day 12

Name : DHANAPAL

Date : 03/09/2024

The screenshot shows a web browser window with the URL `https://localhost:7237/Identity/Account/Register?returnUrl=%2F`. The page title is "Register - Identitytype". The navigation bar includes "Identitytype", "Home", "Privacy", "Register", and "Login". The main heading is "Register" with the subtext "Create a new account." and "Use another service to register." Below the heading, there are three input fields: "Email" (containing "dhanapal@payoda.com"), "Password" (masked with dots), and "Confirm Password" (masked with dots and a toggle icon). A blue "Register" button is at the bottom. To the right, a message states: "There are no external authentication services configured. See this [article about setting up this ASP.NET application to support logging in via external services.](#)" The footer shows "© 2024 - Identitytype - [Privacy](#)".

The screenshot shows a web browser window with the URL `https://localhost:7237/Identity/Account/Login?ReturnUrl=%2F`. The page title is "Log in - Identitytype". The navigation bar includes "Identitytype", "Home", "Privacy", "Register", and "Login". The main heading is "Log in" with the subtext "Use a local account to log in." and "Use another service to log in." Below the heading, there are two input fields: "Email" (containing "dhanapal@payoda.com") and "Password" (masked with dots). A checkbox labeled "Remember me?" is below the password field. A blue "Log in" button is at the bottom. Below the button are three links: "Forgot your password?", "Register as a new user", and "Resend email confirmation". To the right, a message states: "There are no external authentication services configured. See this [article about setting up this ASP.NET application to support logging in via external services.](#)" The footer shows "© 2024 - Identitytype - [Privacy](#)".
